TPOINT BRINGS
SQUASH TO
THE LIMELIGHT
TO BOOST
INDIVIDUAL AND
PUBLIC WELLNESS

Bringing squash outdoors so it's easily accessible for everyone, everywhere.

- TPoint is on a mission to democratize squash - considered the turf of a select elite.
- TPoint aspires to position squash out in the open for the public's delight - rather than in hidden, indoor locations.
- TPoint strives to render squash a wellness magnet for communities.

PRAISED BY THE EXPERTS

“The innovation ASB is driving with TPoint meets a need in the US which is increasing access to squash. TPoint also addresses the challenge we have in raising awareness of the sport, so presenting Squash in a visually appealing way, in an outdoor setting, is ideal.”

Kevin Klipstein
President & CEO
of US Squash

“TPoint squash courts are the first of their kind in the world and were built to the highest international standards. Playing inside a glass court enclosed within four transparent walls is a supreme feeling. Just like playing on the Wimbledon main court!”

Aviv Bushinsky
Chairman of the Israel
Squash Association
